We would advise our readers who are laboring under
an affection of the lungs, to make immediate trial of
this truly excellent medicine. The most intelligent
and respectable families of our city have adopted it as
a favorite family medicine; and persons predisposed to
Consumption, who have used it, speak in the highest erms of its efficacy. Scores of individuals have been cured of Asthma.

Scores of individuals have been cured of Asthma, the early stages of Consumption, bleeding of the Lungs, obstinate Coughs, &c., by this Balsam—after hope had well nigh yielded to despair. We say this in all candor. It is indeed a melancholy truth, that thousands fall victims to Consumption every year, for no other cause than neglected Colds; yet we find hundreds and thousands who treat such complaints with the greatest indifference, and let them run on for weeks, and even months, without thinking of the danger.

THE New York Commercial Advertiser of the 3d October, in describing the furniture in the new 'Union Place Hote!" thus speaks:

"We are told that the builder of the house, Cortland Palmer, Esq., bas aimed to have the best furnished Hotel in New York. That would demand great skill and taste, as others have conceived, and, so far as possible, carried out the same purpose. But we may safely say that the Union Place Hotel has one of the most elegant and best toned Planos we have yet seen or heard. It is one of Worcester's. Technically, it is "innished throughout"—that is, the back as well as the front and ends are finished, and with equal elegance and care.—The tone is perfectly pure, deep, and soft as the tone can be. Compass and sweetness are most happily combined; and it justly excites the admiration alike of amateurs and professed artists. In its construction Mr. Worcester has evidently sought to excel even himself, and has designed that this Piano should speak of his great skill to all visitors at the hote!"

"WORCESTER'S PIANOS .- We were admiring, "WORCESTER'S PIANOS.—We were admiring, a few days since, a very magnificent looking Piano Porte, in the elegant drawing room of the Union Place Hotel, when, upon an examination of its interior, we were pleased to find that it came from the manufactory of our friend Worcester, of 137, Third Avenue. Mr. Wheeler, the proprietor of the Hotel, informed us that, in the last ten years, he had bought as many as a dozen Piano Fortes et Mr. Worcester, for himself and friends, and that all had given the most perfect satisfaction.—We have often said, and we take pleasure in repeating the truth, that Mr. Worcester's instruments are made upon honor, and are equal to any in the world."
